For the attention of Mr. Chris Atkins

Dear Chris

**Meadow Street, Sheffield S3 7BJ**

I would like to thank you and everyone at GPS for your contribution to the continuing success of Safety, Health and Environmental achievements at our site in Meadow Street, Sheffield 3.

Our strategy of Contractor Involvement and Partnership, Worker Involvement and Continuous Improvement only succeeds with the assistance and commitment displayed by the Team(s) within all our business.

The recent award of a 3<sup>rd</sup> consecutive Gold from ROSPA for Occupational Safety, clearly shows the support levels received by Ocon from our Partners and Preferred Contractors.

Thank you.

Yours sincerely

To whom it may concern,

GPS are the sub contractor engaged in carrying out the plaster board package on the contract listed above which involves the construction of 650 student bedrooms.

Their contract value is circa £1.4m,

As a company they have demonstrated an ability to consistently produce high quality work within the constraints of a very tight site and achieve the requirements of a demanding programme.

They also have a proactive approach to problem solving from a technical stand point which has often proved to be invaluable, this together with their general attitude on site gives me no hesitation in recommending them for future work not only within my own organization but other external construction companies.
